

# Saber Tournament Objectives and Guidelines

The primary objectives of this tournament are to offer a competitive platform that caters to participants of diverse skill levels. The fundamental intent is to foster methodical engagement among competitors, focusing on genuine combat rather than strategizing around rule nuances.

**Promotion of Skillful Combat:** The essence of this tournament lies in encouraging participants to engage in skillful combat that embraces strategic thinking over rule manipulation. Fencing techniques that effectively limit the possibility of afterblows and doubles are actively endorsed.

*Rules sets subject to change, if there are any major issues discovered. Tournament participants will be notified via e-mail if there are any more changes.*

## SCORING ACTIONS AND TARGET SPECIFICATIONS

In order to make judging easier, all legal targets are considered "DEEP" or "SHALLOW." Target classification is defined below.

**Rules favor "DEEP" targets**

### Target Definitions

DEEP	The head, neck, torso, upper arms (shoulder to above the elbow)
SHALLOW	Below the waist and lower arms (elbow to hand)

Targets (Points)	
DEEP	SHALLOW
	

## Points

The following table shows how points are calculated based on the type of strike.

Target	Cut	Thrust	Pommel
DEEP	2	2	0
SHALLOW	1	1	0

## Point Details

<b>Understanding Targets</b>	Recognize "SHALLOW" areas, including regions below the waist and lower arms (elbow to hand). Everything else is a "DEEP" target
<b>Disarm</b>	A disarm will count as a "DEEP" strike
<b>Strike Standards</b>	Ensure strikes meet specific criteria for points. Thrusts require weapon flex and must extend beyond accidental touch. Cuts should be purposeful with proper edge alignment
<b>Effective Striking</b>	While there are no strict power or rotation rules, focus on martial intent and effectiveness. Strikes lacking these elements may not count toward your score
<b>Improper Contact</b>	Prevent uncontrolled movements leading to accidental blade contact, like flailing or "draw cuts," as these won't score points

## THE GRAPPLE

<b>1 Tempo</b>	Upon a grapple there is one tempo to complete a scoring action
<b>Clock continues</b>	Regardless of the outcome the clock doesn't stop
<b>Stop grapple</b>	If no score within 1 tempo judge will call no-exchange

---

## RING OUT

<b>Ring Out Pause and Reset</b>	If a participant crosses the ring boundaries with both feet, the action will be immediately paused. Competitors will be reset to their respective corners, and the match will resume from this position after the ring out
<b>Ring Out Strikes</b>	If a fighter exits the ring, any subsequent strikes will not contribute to the score. If there is any confusion regarding whether a strike landed before a fighter left the ring, directors are encouraged to award the point
<b>Them leaving</b>	If you strike your opponent prior to them leaving you get the point
<b>You leaving</b>	If you strike your opponent prior to you leaving you don't get the point

---

## AFTERBLOW & DOUBLE STRIKE SCORING

Rules favor “DEEP” targets

<b>No Points for Simultaneous Strikes (Doubles)</b>	In cases of SHALLOW/SHALLOW or DEEP/DEEP exchanges, neither fighter scores points. <u>Avoiding doubles</u> allows participants to maximize their total points
<b>DEEP/SHALLOW Exchange (Afterblows &amp; Doubles)</b>	If one fighter strikes a DEEP target and the other strikes a SHALLOW target, 1 points will be awarded to the fighter striking the DEEP target, regardless of strike order
<b>DEEP/DEEP or SHALLOW/SHALLOW Exchanges (Afterblows)</b>	If both fighters strike a DEEP or SHALLOW target as the result of an afterblow, neither fighter is awarded points
<b>Timing (Afterblows)</b>	Execute afterblows within one complete tempo after a scoring action. Use no more than a single step or strike
<b>Multiple Hits</b>	If a fighter hits a “SHALLOW” target and then a “DEEP” target then the “DEEP” is counted. Required within a single tempo

# ESCALATION POLICY FOR SAFETY AND FAIRNESS

Illegal actions will start the escalation policy, and directors have the authority and final decision on enacting the escalation policy.

**Note:** If a Judge calls hold multiple times due to fighters not listening then it is at their discussion to utilize the escalation policy.

<b>White Card</b>	A White card is for a non-safety related illegal action, and results in a deduction of 1-point from the offending participant's <u>current</u> match score. This doesn't affect the escalation policy below. If a fighter isn't ready for their match they will also receive a white card
<b>Verbal Warning</b>	In case of rule violation, an initial verbal warning will be given, allowing a chance to correct actions promptly <ul style="list-style-type: none"><li>• 1 warning per match prior to escalation</li></ul>
<b>Yellow Card</b>	A yellow card results in a deduction of 1-point from the offending participant's <u>current</u> match score. This deduction affects the ongoing match
<b>Red Card</b>	A red card results in a deduction of 2-point from the offending participant's <u>current</u> match score. This deduction affects the ongoing match
<b>Black Card</b>	A black card leads to disqualification from the tournament without reimbursement. This occurs when actions pose significant danger
<b>Cumulative Effect</b>	Remember, the escalation process accumulates across the entire tournament. Repeated violations result in higher penalties. Point deduction limited to match
<b>Impact on Points</b>	Any action resulting in a warning or card will not contribute to point awards. This underscores the importance of responsible conduct

# FIGHTER WELL BEING AND EVALUATION

The wellbeing of the fighters is of the utmost importance and as such the following rules have been established.

<b>Excessive Force Evaluation</b>	Upon a participant's notification of excessive force the director will ask if the participant wants a medical evaluation
<b>Injury Assessment</b>	Fighters who signal injury will receive a chance to continue the match after an evaluation by a medical professional
<b>Collecting After an Exchange</b>	Fighters needing a moment to gather themselves after an exchange will be assessed via a medical evaluation
<b>Medical Evaluation</b>	Director will call a medical hold and the match will pause. The participant will be pulled to the side and a medic will assess their condition. Director will determine excessive force after the evaluation and determine if the match will continue
<b>Repeat Incidents</b>	If there are more than one incident with a single participant within a tournament, the fighter will be asked to forfeit their participation for their own safety

For clarification: Fighters who indicate that they have been harmed will be offered an opportunity to continue a match after a medical evaluation. If a fighter indicates they are not immediately capable of resuming or wish to be evaluated, a medic will be called to assess the fighter. Fighters who indicate they need a moment to collect themselves following an exchange will be evaluated. The director will determine if there was excessive force used following a medical evaluation. If there are more than one incident with a participant within a tournament the individual will be required to forfeit participation in the tournament for their own safety.
